PROFILE INFO

As a student of applied mathematics I have a passion for puzzles and I gain satisfaction from getting things just right. For a few years now I have been able to funnel my passions into my work as Power BI specialist for Vion Food Group. Looking into the future, I would love to put my knowledge and drive to use as an independent contractor.

WORK EXPERIENCE

Power BI specialist

2020-2022

Vion Food Netherlands B.V.

Working as Power BI expert for around 2 years. Activities include data management, process mining and business intelligence projects for the Sales and Operations Planning department.

Coordinator Expedition

2015 - 2020

Vion Boxtel B.V.

Working as linking pin between production, planning and sales departments of Vion Boxtel. Monitoring the transport plan and providing last check before goods leave the facility.

Odd jobs

2012 - 2015

N. van Schaijk VOF

Helping my dad on his organic dairy farm with various jobs and projects. Transporting cows, tractor work, construction and other manual labor
